Another Report Says Hitler Will Give Yugoslavia 10 Days To Join Axis

(BULLETIN)
BELGRADE, Yugoslavia, Feb. 14.—Possibility of a three-way conference in Germany among Chancellor Hitler and leaders of both Yugoslavia and Bulgaria was reported in Belgrade today after a sudden airplane dash to Germany by Yugoslavia's premier and foreign minister.

The reports said the suggested triangular meeting might lay the basis for a quick German military sweep across both Yugoslavia and Bulgaria against the Salonika region of Greece and the Dardanelles-Bosphorus region of Turkey.

Leave By Plane

Amid these reports Yugoslavian Premier Dragisa Cvetkovic and Foreign Minister Alexander Cincar Marovic left Belgrade by special plane yesterday and arrived at Salzburg in response to an urgent summons from Chancellor Hitler.

There they were met by German Foreign Minister Joachim von Ribbentrop, who will escort them to Hitler's Berchtesgaden villa today.

Another diplomatic report said Hitler will give Yugoslavia 10 days (Continued On Page Two)

Norris For Passage Of 'Lend-Lease' Bill To Give Britain Aid

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, Feb. 14.—Frankly conceding that the lend-lease bill abandons American neutrality "to some extent" and gives Hitler an excuse to declare war "with some plausibility," Sen. George Norris (I) Neb. nevertheless today demanded early passage of the British aid measure.

No Confirmation Is Given Report But Shanghai Fears Crisis

By M. C. FORD
International News Service Staff Correspondent

SHANGHAI, Feb. 14.—Unconfirmed but persistent reports that the Japanese war fleet is concentrated off Haiphong, French Indo-China, electrified Shanghai today and mounting fears of a crisis that might plunge the entire Orient and western Pacific into a new conflict.

Attempts to gain definite information on the Japanese warship concentration met with little success, but voices from all quarters indicated the Japanese apparently are engaged in major military preparations for their long-rumored drive to the south.

Reports Denied

French circles in Shanghai in close touch with Saigon said reliable quarters there denied the reports of a Japanese naval concentration off Haiphong. American authorities likewise were unable to verify the reports.

Observers in Shanghai were more concerned with the sudden dramatic flight of Dutch vessels to Manila (Continued On Page Two)

Brief Battle Is Fought In Clouds—British Intercept Nazi Planes

BOMBS ARE DROPPED ON LONDON AGAIN

(BULLETIN)

LONDON, Feb. 14.—A brief but sharp aerial battle was fought in the clouds above the Straits of Dover today when a squadron of British Spitfire planes intercepted German fighting craft.

Residents of the Kent coast heard bursts of machine gun fire and saw planes wheeling and diving in combat.

One aircraft, with black smoke pouring from its tail, vanished into the haze over the sea.

After the battle ended the British planes returned in formation, apparently without having suffered any losses.

Meanwhile, rescue workers dug through tons of debris to uncover persons buried when a heavy calibre German bomb wrecked houses, shops and an air raid precaution post in London during the night.

TWO SMALL SISTERS PERISH IN FLAMES

(International News Service)

REVERE, Mass., Feb. 14.—Two small sisters perished today and their heroic mother was critically burned when fire swept their two-story frame house.

Victims were Annette Perrier, 6, and her two-year-old sister, Alice.

Mrs. Leo Perrier, 36, who led four of her children to safety, suffered serious burns when she attempted to reach her two babies trapped in their bedroom.

British Attitude On Far East Is Reversed

By JAMES E. BROWN
International News Service Staff Correspondent

LONDON, Feb. 14.—In an abrupt reversal of attitude, British authorities today began to soft-pedal all talk of a crisis in the far east.

It appeared that London circles accepted at face value the assurances of a Japanese spokesman at Tokyo, who expressed belief that "nothing would happen" in the Pacific involving war between Japan and Australia.

Furthermore, London authorities seemingly began to incline to the view that the Australian government perhaps "flew off the handle" a little too rapidly when it issued a warning that the war had entered a new phase of "utmost gravity."

At any rate, instead of the worried concern they expressed yesterday British official quarters expressed belief that the far eastern situation is not as urgent and critical as yesterday's "scare reports" indicated.

At the same time, they warned the outlook in the Orient is still far from settled.

On the basis of latest information, British authorities declared there were no indications of anything definite developing immediately.

But they admitted the government is watching the far east even more closely than the Balkan cauldron.

Greatest interest was expressed in British reports which were described as indicating the United States will "refuse to be intimidated by what may eventually prove to be an elaborate diplomatic game."

British Legation Staff In Rumania Will Be Detained

Government Will Not Allow Sir Reginald Hoare To Leave Before Feb. 22

(International News Service)

BUDAPEST, Feb. 14.—The Rumanian government refused today to permit British Minister Sir Reginald Hoare and members of his legation staff to leave the country before February 22, it was reported in Budapest today.

It was stated that Rumanian government took this action on grounds the Rumanian minister to London and his aides are unable to leave the British capital before that date.

Following the recent rupture of diplomatic relations between Britain and Rumania, Sir Reginald and his aides had planned to leave Rumania tomorrow for Istanbul.

As it now stands, the Turkish steamer Izmir, which is scheduled to arrive at Constanza today to pick up the British minister and his staff, will be compelled to wait one week.

Australian Defenses Are Being Strengthened

(International News Service)

SYDNEY, Australia, Feb. 14.—Amid rising tension over possible spread of the European conflict to the Far East, the Australian war cabinet held an emergency meeting today and discussed the latest information received from overseas.

The cables to the government indicated there is no further "deterioration in the situation," authorities revealed.

Nevertheless, the government speeded up its preparations for any eventualities that might result from a sudden Japanese drive to the south.

At the end of the war cabinet meeting, Acting Premier A. W. Fadden declared:

Australians Calm

The war cabinet received reports regarding progress of the Australian defense program, which were discussed in the light of the most recent cables about the international situation.

"The people of the commonwealth may rest assured that the warnings which have been issued were regarded as necessary, so that everyone might see the need of replacing the nation's interest first, Australians can and will face any crisis calmly and with deliberate purpose."

Heads of all the Australian defense forces were summoned to meet with Air Chief Marshal Sir Robert Brooke-Popham, commander-in-chief of the British far eastern forces, who was believed to be en route to Sydney by plane from his headquarters at Singapore.

BANGKOK, Thailand, Feb. 14.—British army, navy and air force contingents are massing along the southern and western borders of Thailand (Siam), according to reports received in Bangkok today.

In addition, it was claimed, concentrations of British Indian troops are increasing daily along the frontier between Burma and Thailand, while more troops have been dispatched to Malaya.

Pressure Move Made On Japan

Four Governments Warn Japan On Getting Into European War

(International News Service)

WASHINGTON, Feb. 14.—The United States, Great Britain, Australia and the Netherlands East Indies have it was learned today engaged in one of the greatest "pressure" moves on Japan that has ever been made.

Carried out concurrently by the four governments, the move was designed to counteract German pressure on Japan to enter the war and strike at British and Dutch East Indies possessions in the Pacific.

Here is what they did:

Acting almost simultaneously, the United States government had its consular authorities in China issue new "urgent" advices to American nationals to return home, the Australian government issued a statement that the war had entered a stage of the "utmost gravity" for Australia, the British government instructed its ambassador in Tokyo to "remind" the Japanese government of the mistake Mussolini made in entering the war, and the Netherlands East Indies government ordered its ships in the Pacific into neutral ports.

The concurrent move came as a shock to Tokyo and American officials are hopeful that the move has, for the time being at least met with success. This hope is based on Tokyo dispatches quoting a Japanese spokesman as giving assurances that Japan had no immediate intention of engaging in war in the Pacific.

Report Japanese Planning New Drive To South

By M. C. FORD
International News Service Staff Correspondent

SHANGHAI, Feb. 14.—Rising fears of a crisis that might plunge the entire Orient and western Pacific into a new conflict gained headway today with reports of Japanese military preparations for the long-rumored Nipponese drive to the south.

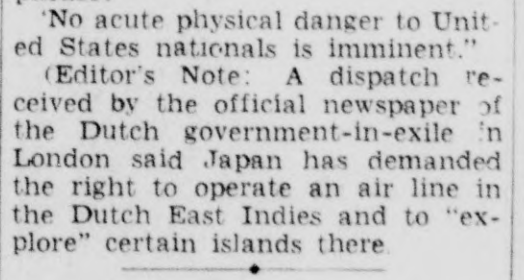

Among the incidents arousing new fears was the warning issued yesterday to American citizens in Tokyo and Shanghai to leave the far east as soon as possible.

This morning a similar warning was issued to Americans by the United States consul at the British crown colony and naval base of Hong Kong. This warning was similar to those issued at Tokyo and Shanghai, save for the added phrase:

No acute physical danger to United States nationals is imminent."

(Editor's Note: A dispatch received by the official newspaper of the Dutch government-in-exile in London said Japan has demanded the right to operate an air line in the Dutch East Indies and to "explore" certain islands there.)

Landing Of 'Chute Troops Made In Region Of Calabria And Lucania

By PERCY WINNER
International News Service Staff Correspondent

ROME, Feb. 14.—A daring but futile attempt by British parachute troops to wreck lines of communication and water supplies in vital regions of Italy was disclosed by the Italian high command today.

In the first known instance of the use of parachute troops by the British army, crack troops armed with machine-guns, hand grenades and high explosives were dropped from the skies in the Calabria and Lucania regions.

Taken Prisoner

All were taken prisoner and succeeded in doing only slight damage, the high command said.

The communique revealing the attempt said:

"On the night of February 10, the enemy landed detachments of parachute troops in the region of Calabria and Lucania.

Air Raid Precaution Post Bomb Wrecked

Rescue Workers Dig Feverishly In Ruins In London To Reach Trapped Persons

(BULLETIN)

(International News Service)

LONDON, Feb. 14.—Rescue workers dug feverishly through tons of debris today to uncover a number of persons buried when a heavy calibre German bomb wrecked houses, shops and an air raid precaution post in London last night.

Bodies of six victims, three of them women, have been recovered so far.

Many other persons were injured by flying glass and falling debris, and doctors and nurses were kept busy giving emergency first aid treatment through the night.

An air ministry communique said German air activity during the night was restricted to a brief period shortly after midnight. It added that a single German plane bombed a London district, causing considerable damage to houses and a number of casualties.

Bombs also were dropped on a town in northeastern Scotland, damaging several buildings and causing some casualties.

Other aircraft bombed various localities in eastern England but caused little damage and no casualties, the air ministry said.

Speedy Trial Is Confronting Boltz

Fugitive Back In Philadelphia

Apprehended On Thursday In Rochester, N. Y., After 16 Weeks Of Freedom

EMBEZZLEMENT OF HUGE SUM CHARGED

(International News Service) PHILADELPHIA, Feb. 14.—His hope for a "new life" abruptly shattered after 16 weeks of fugitive freedom, Robert J. Boltz returns to Philadelphia today to face a speedy trial on charges of embezzling 150 investment clients of more than \$2,500,000.

Two Philadelphia detectives brought the suave, 54-year-old "financial wizard" back to this city by train from Rochester, N. Y., where his peculiar splay-footed walk betrayed him to a former business acquaintance. His flight last October 22 started a nation-wide search. Waiving extradition, Boltz declared he would plead guilty to such charges against him as "are true." On federal indictments alone, he faces maximum prison sentences totaling 102 years and \$177,000 in fines. The state security commission also wants him.

Boltz told Rochester authorities he had "no idea" how much of the \$2,500,000 entrusted to him by creditors was lost. Admitting his \$5,000,000 investment trust was "imaginary," he insisted he had no "hidden assets," detectives said.

After 16 weeks of freedom, Boltz returned to Philadelphia on Thursday. He was arrested in Rochester, N. Y., after 16 weeks of freedom. He was arrested in Rochester, N. Y., after 16 weeks of freedom.

In this connection, it was pointed out that the press received copies of the circulars 24 hours before they were mailed to Americans in Shanghai and elsewhere. Meanwhile another Dutch ship arrived at Shanghai from Japan today, refueled and sailed at once for Manila, while passengers aboard the vessel were notified their reservations had been cancelled and that their fares would be refunded.

Shanghai circles, pointing out that the Dutch are usually calm in the face of alarmist rumors, expressed belief that there must be some excellent reason for the orders to Dutch vessels to make for neutral ports.

Deaths of the Day

Mrs. W. D. Fullerton.

Mrs. Lida C. Webster, 19 North Front street, has received word of the death of her cousin, a former resident of 928 Warren avenue, New Castle, Mrs. Minette Means Fullerton, aged 60, wife of W. D. Fullerton, who passed away Thursday at noon at her home in Rock Creek, O.

Mrs. Fullerton, born March 18, 1880, was a member of the Third U. P. church during her residence here. She leaves her husband, a daughter, Dale; her mother, Mrs. Ida M. Pease of Rock Creek, and several cousins.

Funeral services will be conducted Sunday afternoon at 2 o'clock from the residence in Rock Creek.

John Henry Hunter

After one week's illness, John Henry Hunter, aged 58, of 118 South Jefferson street, passed away in the New Castle hospital this morning at 1:45 o'clock. Mr. Hunter, born in New Wilmington on August 8, 1882, son of Walter Calvin and Katherine Jane Miller Hunter, spent almost all his life in this city. He was a retired meat cutter and attended the Presbyterian church.

Survivors are a daughter, Elvora of Erie; a son, Raymond of Youngstown, and the following brothers and sisters: Max Hunter, Mrs. Olive Kellar, Miss Hazel Hunter, all of New Castle. Loyd Hunter, Lewis Hunter, both of Sharon, and Mrs. Mary Hutchinson, Lansdale, Pa. Funeral services will be conducted Saturday afternoon at 2 o'clock from the Campbell funeral home, East North street. Interment will be in Neshannock cemetery.

The family will receive friends at the funeral home this evening from 7 to 9 o'clock.

Mrs. Jane A. Parkinson

Mrs. Jane Ann Allison Parkinson, aged 79, of 718 Locust street, passed away Thursday morning in the Jameson Memorial hospital. She was the widow of Christopher C. Parkinson, who died in October, 1936. Born in England on February 18, 1861, she had been in New Castle for the past 54 years. She had been married to Mr. Parkinson for 61 years.

Survivors are the following children: John of Sharon, Clement of New Castle, Joseph of Sharon, Clarence of McKeesport, Mrs. William Donehue of Newark, O., Edward of New Castle; 14 grandchildren and 11 great-grandchildren.

Funeral services will be conducted Saturday afternoon at 2 o'clock from the Offutt funeral home, North Market street. Interment will be in Greenwood cemetery.

Phyllis Katherine Taylor

Phyllis Katherine Taylor, aged 13, passed away Thursday morning at the home of her parents, Mr. and Mrs. William R. Taylor, Slippery Rock, R. D. 3, Worth township. Butler county. Death was caused by complications following an illness of two weeks duration.

Phyllis Katherine was a member of the United Presbyterian church at Wolf Creek. She leaves her parents; three sisters and one brother, Garnet, and Rena at home; Mrs. Charles McKimmonds, Portersville, R. D.; William, at home, and a number of relatives in New Castle and vicinity.

Funeral services will be held Saturday afternoon at 2 o'clock from the Wolf Creek U. P. church. Interment will be in the church cemetery.

Mrs. Mary Collins

Mrs. Mary Collins, aged 69, of 411 Blaine street, passed away Thursday afternoon at 4:20 o'clock at the home of her cousin, Mrs. Kate Perillo, 506 Galbreath avenue, after a long illness.

Mrs. Collins was born in Wayne township on September 13, 1871, daughter of Robert and Mary Warnock Grandey. She was a former member of the Slippery Rock church. Her husband, George Collins, to whom she was married in 1907, preceded her in death.

Survivors are three nephews, Richard R. Grandey of Rochester, Pa.; Everett E. Grandey and Clifford G. Grandey, both of Ellwood City. A sister, Florence Grandey, also preceded her in death on December 14, 1940.

The body has been removed to the Joseph B. Leyde mortuary, Highland at Winter, where funeral services will be held Sunday afternoon at 2 o'clock, with Rev. Thomas G. Berger and Rev. Charles Z. Bell in charge. Interment will be in Slippery Rock cemetery.

Kirkwood Funeral

Largely attended funeral services for William J. Kirkwood, Wampum, were conducted Thursday afternoon at 2:30 o'clock from the Marshall funeral home in Wampum. Rev. L. C. NORRIS FOR PASSAGE OF 'LEASE-LEND' BILL TO GIVE BRITAIN AID

would justify with some plausibility Hitler making war on us, but if there were any likelihood of that Hitler has had opportunities," Norris said. "He would have to admit that his chances of winning the war would be less if he declared war on us. I don't think he will."

While Majority Leader Barkley said that no further materials concessions were planned by the administration, a group of influential senators on the foreign relations committee broached a proposal to further restrict Mr. Roosevelt's power to select countries to be aided.

The proposed amendment would limit him to aiding countries "which are invaded, which are threatened by invasion or whose defense is in the interest of national defense." The bill now limits the president only by needs of national defense.

Urged By Willkie Friends

This concession was urged by some friends of Wendell L. Willkie after the committee refused to seriously consider his proposal to name countries to be aided.

While Minority Leader McNary declined to reveal his attitude, there were reports that he will vote for the bill if some more limitations are imposed upon presidential power. Cooperating with Democratic leaders, Sen. Austin (R) Vt. made a drive for Republican votes. It was reported that half the senate Republicans may support the bill.

Austin said that he would not press an amendment asking Britain to declare her war aims, but he urged her to do it and called on the administration to obtain a binding commitment against surrender of the British fleet and an agreement that America shall help dictate peace terms.

Foes of the measure gave notice that they will battle against any attempt at "gag" rule.

"I expect they will try to cut off debate," said Sen. Johnson (R) Cal. "I am opposed to any time limit on debate—it should be ample."

Amendments "Fake"

Sen. Clark (D) Mo. branded administration amendments to the bill to limit presidential powers over expenditures as a "fake." Some foes to the bill declared that it contains a \$12,000,000,000 "joker"—that it gives Mr. Roosevelt authority to use that much of anticipated appropriations for American defense this year.

The committee, however, in its report on the bill, asserted it limits authority on aid to \$1,300,000,000 on previous appropriations, and "assures" against disposition of defense articles to such a degree as to endanger national defense.

The report urged prompt enactment of the measure as a "practical safeguard" to keep the United States out of war. It asserted that it provided the means for placing this nation's vast resources into the struggle against forces which eventually might be used against this nation, but insisted this was necessary "to the end that we may have freedom."

The report denied that the measure would give the president dictatorial powers, authorize sending of American troops to fight abroad "under any circumstances," or permit use of American ships in carrying goods in combat zones.

WOMEN HEAR ADDRESS BY FLORENCE BRISBIN

Health and the diseases of the natives in Africa were discussed in a most interesting manner by Miss Florence Brisbin, a missionary home on furlough from Africa, when the Women's Society of Christian Service had its monthly meeting in Grace chapel, Epworth Methodist church, Thursday afternoon.

Miss Brisbin is well qualified to speak on this subject, having served in the African mission field for 19 years. She was introduced by Mrs. C. S. Hart.

Mrs. J. F. Rantz presided over this meeting, which was opened at 2 o'clock by Mrs. J. M. Rodgers, who spoke on the devotional theme, "Brotherhood of Man". Also a feature of the program was a beautiful vocal solo by Mrs. David McCreary.

Announcement was made of the World Day of Prayer to be observed Friday, February 28, in the Second U. P. church.

An executive committee meeting preceded the program at 1 o'clock.

MAHONING VALLEY GARDEN CLUB MEETS

A talk on "Mexico" was given as the main feature of the meeting of the Mahoning Valley Garden club members Thursday evening, in the home of Mr. and Mrs. W. A. Hoffmaster of Edenburg with Mrs. George Hudson, co-hostess.

The address, especially interesting as well as informative was given by Mrs. Walter Reneker. She related the customs of the people, their habits, the country and other facts. In addition, she had a collection of souvenirs on display which she brought from Mexico.

The usual routine period preceded and in closing, the hostesses served dainty refreshments. Miss Helen Korby, and Mrs. Alfred Hoffmaster aided.

Special guests were Dr. and Mrs. Alfred Hoffmaster.

The next meeting will be on March 13 with Mrs. Pearl Cochran on King avenue.

EMANUEL SHENKAN IS HONORED ON THURSDAY

One of the loveliest parties of the season was the given Thursday evening in the Elks club by more than 100 Haney employees and their families in honor of Emanuel Shenkan, who is leaving next Tuesday for a visit in Florida.

After the group assembled at 7 o'clock, a delicious menu was served with David Sneathen offering thanks.

Vern Carr was master of ceremonies for the evening, and in his usual manner, made the affair a decided success. William T. Trick, in charge of the group, presented a complete fishing outfit to the honored guest to use while in the south. Mr. Shenkan responded graciously.

Clever readings were given by Ellen Bailey Ramsey, after which a jitterbug dance, which was given by Eileen O'Leary and Billy Trick.

Concluding the program, Amil Lenko presented several unique and original dramatic skits.

The committee in charge of this delightful affair was composed of Helen Taylor, Vern Carr and William E. Trick.

O. A. O. CLUB GUESTS AT VALENTINE PARTY

Mrs. David Jones of Rose avenue opened her home to the O. A. O. club members Thursday evening for a Valentine party, with attention being given to bridge contests. Mrs. Wilbur McKibben, Mrs. Thomas Baskerville and Mrs. Emerson Flansburg were winners of the prizes.

Following, a box containing an array of prettily wrapped Valentine gifts was brought into the room, marking an exchange among "secret sisters."

The hostess served a dainty collation at the small tables, with Mrs. Jack Kenenah aiding.

On February 27 Mrs. Robert Gibson will entertain in her home on Northview avenue.

JUNIOR MUSIC CLUB HAS PROGRAM-SOCIAL

The Junior Music club presented a splendid program Thursday afternoon in the auditorium of the First Christian church, with Miss Lois Ralph in charge.

Beautiful piano selections were played by Ada Cass, Marilyn Falls, Ilona Stevenson, David Jones, Esther Kahlman, Sondra Hamilton, and Donald Koppell, and a violin solo by Patricia Bilgic, all being very well rendered. Miss Dorothy Buehler presided.

Mrs. James W. Moorehead, president of the Music club, was a special guest and extended greetings to the junior members.

Following the program they were entertained in the dining room of the church at a lovely St. Valentine's party by their sponsors, Mrs. D. Duff Scott, chairman; Mrs. Richard K. Allen and Miss Helen Ewing. At tables prettily decorated with the valentine motif, dainty refreshments were served by the committee in charge, consisting of Mrs. William Wheldon, Miss Margaret Hess and Miss Mary Louise Griffith. Their aides were Carlene Godwin, Geraldine Anderson, Bill Troop, Bill Nelson, David Meehan and George Reed.

WHERE DIPLOMATS MUSTN'T ROAM

THE Italian government's notice to all foreign diplomats not to leave Rome without official permission is something new in international relations. Naturally all the members of the diplomatic corps now resident in Rome represent nations with which Italy is formally at peace.

Customarily, they have complete freedom to travel about the country to which they are accredited. They are subject only to orders from their own government. They also possess immunities not granted to ordinary visitors from abroad, and in addition are the recipients of special courtesies.

While it is conceded that conditions may be somewhat altered in a country at war, evidently the Italian government is afraid these diplomats may see some things it wishes to conceal and report them to their home governments. It is one of their duties to observe and report.

No other belligerent government has imposed such a drastic rule. It is easy to understand that Italy, especially since things have not been going well, has plenty to conceal, including information regarding the presence and purpose of German troops. But this rigid course is not likely to improve relations between Italy and the neutral nations.

RADIUM AND WAR

How war disrupts the normal functions of society is illustrated by England and its radium, the precious element which gives off rays that break down tumors and are of great importance in the treatment of cancer.

There are only two pounds of radium in the world, of which Britain has 28 grams. This is hoarded in hospitals, chiefly in five London hospitals and one Manchester hospital. It is kept in bomb-proof underground vaults and is run in and out as needed or as the air raid sirens dictate.

Aside from its relief-loss to humanity, what would happen if a bomb dropped on a hospital happened to scatter some of this radium? Radium acts much like calcium on the body. The blood stream picks it up and deposits it in the bones. Powerful rays attack the bones and break them down. This process may be delayed by treatment but the ultimate end is nearly always death.

If radium should be scattered in a bomb attack on a hospital, it would become a menace to millions, particularly if it should get into a water supply or even if it should be breathed. In the disorder of war a great benefactor of humankind can become its deadly enemy.

JOYLESS JAPAN

The travail through which Japan is passing is trickling out to the world through reports of travelers. Japan is in the fourth year of a futile war in China which is impoverishing the country. There has been a shift of population from farms to cities for war industry work, a million having migrated to Tokyo alone from the countryside.

Food and feed stuffs are short for the civilians not only because there are fewer farmers but also because much of the feed is taken for the horses and mules of the army. The total supply of milk as a result is tragically less than normal. Eggs are growing scarce. The domestic production of rice is not sufficient to provision the army and meet domestic needs. Heavy imports of rice from Siam and India so far have saved the day in that respect.

But for other imports Japan is in sorry shape. Sugar is severely rationed. Gasoline is scanty. So too is rubber. Also cotton. The most striking scarcity industrially is in the metals. And to top off the miseries of the Japanese the supply of water is dwindling. The reservoirs are running low.

It is contended by the authorities that a drought is to blame, but a more likely explanation is that the intensified use of water by modern industry—rayon factories, cement works, chemical works—is responsible.

THE BOLTED ROOM

According to the detective story writers, a murder case should have a corpus delicti, a motive, and an opportunity. In Washington, D. C., a mystery with possible international complications is waiting for a solution. They have the body—that of Gen. Walter G. Krivitsky—and a motive. But so far no opportunity.

When General Krivitsky was found shot to death in his hotel bedroom, the coroner brought in a verdict of suicide. In fact, everything seems to point to self-destruction. An automatic pistol was in the dead man's hand. There was no sign of a struggle. The door was bolted from the inside, and no ledge gave access to the window.

Nevertheless, there are the facts that General Krivitsky had often expressed this fear of assassination; that his articles in the Saturday Evening Post describing his activities as former chief of the soviet military intelligence in Europe were sensational revelations, and that he had been a key witness for the Dies Committee investigating un-American activities.

In spite of the evidence indicating suicide, the family of Krivitsky is convinced that the Russian OGPU caught up with the general at last. It is obvious that the soviet would be glad to have him out of the way. If it proved that Krivitsky did not kill himself, the murder would go down as one of the most cunningly contrived crimes in history.

Some editorial paragrapher wants to know what has become of the old fashioned house which sported a big bay window. Which reminds us, what has become of the old fashioned policeman?

With all the crackpot propaganda coming over the radio or staring at us from the columns of the columnists one cannot be blamed for longing for a little of Will Rogers' sane, old fashioned, homely wisdom.

While Congress is debating the lease-lend bill let's not forget that legislation never defended any country. It takes airplanes, tanks and other material things to build up a real defense. Passing laws about it won't do the job.

Emperor Augustus Caesar issued an edict for Roman cleanliness prohibiting any citizen from wearing a garment that had not been washed within the week. We presume the enforcement of this edict was undertaken by the WEW—Wash Every Week.

The Parent Problem

By Garry C. Meyers, Ph.D.

CURE FOR LOITERING SCHOOL TOT

"My dear Dr. Meyers: Yours is the first column I turn to each night so you know I must enjoy it and find it very helpful.

"Many of your suggestions we have carried out with success, such as teaching our daughter to stay in bed without constant calling both night and morning. Now, at the age of 6, she has an alarm clock and doesn't get out of bed in the morning till it rings. Also, in spite of the fact that nearly every child in our neighborhood did so, we managed to keep her from playing in the street or even crossing it alone until she was 5.

"Not long ago I wrote you about our problem of her slowness in dressing, and since receiving your reply that has been solved. I even kept her home one morning from school, sitting on a chair from 9 until 11:30, because she was in danger of being late and, since she has nearly a mile to walk and many treats to cross and I was afraid she would run and not watch traffic, I followed your suggestion there with excellent results. Now she can dress herself, fully (except hair, in 6 minutes). She takes most of her own baths.

"Now our problem is coming home from school at almost any time even one night at 5:50 p. m. I had been hunting her since 3:30. She was bathed, given a very light supper and put immediately to bed. Did I do right? I was both worried and angry and she could see that, which probably was wrong, but how one to hide those things at such a time? This has been going on ever since school started. Today she arrived home nearly an hour late. I asked her where she had been and she said at a schoolmate's house—near the school—about 3-4 of a mile from home.

"Please help me. A self-addressed stamped envelope is enclosed."

The Doctor's Answer

You have acted wisely in so many other ways that I believe you will solve the problem of your child's coming home from school.

You were right in having punished her for the offense you noted. As a rule, however, I advise against putting the child to bed as punishment since you desire that going to bed shall normally be a pleasant experience. A better punishment would be to have her sit doing nothing for an hour.

Since your child lives so far away from the home she desires to visit you might be able to work out a plan whereby she would tell you before hand the day she wished to be there after school, and the mother there, moreover, would telephone you when your child arrived. Then you could plan to drive for her, perhaps. You can afford to make considerable sacrifice in order to help your child spend some time in the home of her schoolmates and they in hers and, at the same time, protect these children and cultivate in them a sense of responsibility. Be sure to help the child gain satisfaction from co-operating.

Let me ask my readers who wish to have a personal reply or one of the many lists of books or helps for parents I have announced from time to time, to enclose a self-addressed envelope with a three-cent stamp on it, you can always reach me in care of this paper or at 235 E. 45th street, New York City.

Solving Parents Problems
Q. Are there good books and pamphlets to guide parents in answering their children about sex and the story of life?
A. Yes; let me send you a list of such. Just mail me a self-addressed, stamped envelope, in care of this paper.

VALENTINE'S DAY

Of all the saints, had choice been mine I would have been St. Valentine. I would have been that gentle priest Who taught that money matters least And of the joys which mortals boast True love it is that matters most.

I know the calendars include The generous, helpful, good St. Jude, Who, when the cause is wholly just, Rewards the faithful for their trust. But still had preference been mine I would have chosen Valentine.

St. Patrick and St. Michael share The love of followers everywhere. For Anthony are candles burned When what seemed lost is safe returned.

But running through the gracious line My choice is still for Valentine.

'Twas Valentine who understood That love is life's supremest good. 'Twas he who taught the young and old That love is life's enduring gold.

And had the choice been granted me, St. Valentine I'd asked to be.

A VALENTINE

The earliest of the year When Valentines in verse are sent To those whom we hold dear, Will 'midst other gifts accept This rude and ragged rhyme And read it with a smiling face At this auspicious time.

Saint Valentine lived long ago. The day was given his name Before the Bard of Avon's time— Thus learned scholars claim— Because today birds choose their mates.

Today true love entwines His bonds 'round all and so incites To sending Valentines. Whatever the cause, I am impelled To do as others do. Will you accept this Valentine As proof of love most true? Your answer may give me great joy, It may enshroud in gloom; In either case these verses are Sent to you by—guess whom? —ED.

Question: Is it proper to wear the same full-dress trousers at both formal and informal evening affairs?—Paul.

Answer: With a tail coat, the trousers should be of the same material (black or midnight blue) and may have either two medium wide braids down the sides or one broad braid. But with an dinner jacket (Tuxedo) the trousers must match in color of course and should have a single broad braid to match the facing of the jacket, or of fancy weave.

A milk wagon collided with a lamp post and many bottles of milk were broken. A crowd gathered. "Poor fellow!" said a benevolent-looking man. "You will have to pay for this accident, won't you?"

After the crowd had contributed and dispersed, the driver whispered to a bystander: "Ain't he the wise guy? That was the boss!"

South America Would Bother Hitler
Der Fuehrer Would Have Hands Full
What Nazis Would Like To Do Given

By CHARLES P. STEWART
(Central Press Columnist)

WASHINGTON, Feb. 14.—James W. Gerard, who asserts that a Germany victorious in Europe immediately would "seize Mexico" and "hold South America in an iron grip," without doubt is pretty well qualified to testify as to what the Nazis would like to do. He was our Berlin ambassador at the time we entered the last World War, had resided in the German midst for quite a while before that, and probably understands their psychology and ambitions very well indeed.

There's no evidence, however, that he's any particular authority relative to the Latin Americans.

In fact, I imagine that I myself know 'em better than he does. I spent several years among them, have a daughter and a couple of grandchildren who were born in the Argentine Republic, worked there as a newspaperman, made reportorial trips to Chile, Bolivia, Paraguay, Uruguay, Brazil and Venezuela, and ought to be fairly well acquainted with 'em.

Now, I don't altogether see how, without their own acquiescence, Germany's going to seize any of them or hold them in an iron grip. At least I don't see how it can be done immediately.

And, if any experience entitles me to an opinion, those boys aren't due to be mildly acquiescent.

I don't question that the Germans have done plenty of propaganda work all over the Latin Americas, that there are fifth columnists on the job or that numerous Trojan horses are loose.

Same Old Story

But, good gosh! Does anybody suppose that the same sort of activity wasn't rampant during the last war? Believe me, it was. I ran into it head on, for I was in the business of propagandizing in the same field for the United States, in our public information committee's service.

The German campaign "took" in spots. There are German colonies scattered about the southern republics. There's a very large one in southern Brazil. It's as German as Germany. Early in this present war, not to mention the last one, these German-Brazilians attempted a Nazi uprising, but President Vargas suppressed it with oodles of German fatalities.

It was the same way during the World War. The local Germans fell for the Kaiser's attempted fixing, but the Latin populations generally didn't. Indeed, they resented it. I

What Noted People Say

NEW YORK.—Wendell L. Willkie urges the Republicans to positive action:

"Any ideology, any belief, any religion, any system of government or life that begins to contract and to narrow itself begins to die."

WASHINGTON, D. C.—District Attorney Thomas E. Dewey of New York calls on democracy to remedy its economic ills:

"Unless those who understand and believe in our system move forward to make it work, those who do not understand or believe in it will seize control."

NEW YORK.—Arthur Clare Boothe has little faith in Harry Hopkins' persuasive powers over the British:

"Knowing the British even so slightly as I do, the chances are better for Harry Hopkins to return with a British accent."

SPRINGFIELD, Ill.—Gov. Dwight Green of Illinois pleads for adherence to the ideals of Abraham Lincoln:

"No alienism can menace our freedom and our solidarity as long as we follow the way pointed out by the immortal Lincoln and as long as we preserve the liberty, equality and opportunity for all, which were his articles of a worthy life."

SO the plan is "first things first"—appropriate and spend first; face the question of how to pay last. It is regrettable to report that there is no real determination to link new taxes with economy. On the contrary, the President's own budget made it clear that so far as he is concerned there will be none. If reduction there is, it will be forced on him by Congress, not initiated or pushed by him. This fact is so clear that the economic forces in House and Senate at the moment are deeply discouraged, and all those with plans for new spending

The World and the Mud Puddles

A DESIRABLE TAX

Statistics of the vote cast last November show some surprising facts. The great State of Texas, for instance, cast fewer votes than the State of Michigan in the presidential campaign and Texas has more men and women of voting age than Michigan. The fact is that Texas has a poll tax and that more than one-half of the possible voters of Texas have never paid that tax and, in consequence, have never voted.

The term, poll tax, creates the impression that it somehow refers specifically to voting, but that is not necessarily so. If the poll tax were designated as the head tax, it might prove less misleading. But in Texas, the poll tax does refer directly to the matter of voting, for if one does not pay the poll tax he cannot be registered.

It used to be the same in Pennsylvania, but the New Deal saw to it that restrictions on voting were eliminated and, consequently, Pennsylvania politics are controlled by non-taxpaying citizens. As long as non-taxpaying citizens are permitted to vote, it is going to be hard to put the brakes on governmental extravagances. It seems that a good "Rabble Rouser" can acquire sufficient votes to elect him to a place where he can control the purse strings of the government.

Forgotten Recommendation

WASHINGTON, Feb. 14. IT is said by the more reliable reflectors of White House thought that immediately after the passage of the lease-lend bill the next big subject to be taken up will be the question of how to pay for all this. It seems about time.

BECAUSE, up to now, very little thought has been given that phase of the defense program at all. True, the President, months ago, insisted very strongly upon the necessity of rigid reduction in all governmental expenditures not connected with defense. But, apparently, he was joking, because, unless some unexpected thing occurs, normal expenses in the coming year will be increased rather than diminished and, personally, he has not turned a wheel to check it.

TWO explanations are given by his friends. One is that the things of prime importance are to secure the appropriations and authority from Congress. Until those have been obtained there is not much use in thinking about anything else. The other explanation, offered confidentially by some of his intimates, is that Mr. Roosevelt's interest is in spending, not in paying, that figuring out ways of spending excites him, but he is bored terribly by the problem of paying.

IN consequence, that business is being handled by the Treasury without much guidance from the White House, except that its occupant has let it be known that he is still "horridly" at the suggestion of a sales tax. Therefore, it can be taken as sure that, whatever else is in the 1941 tax bill upon which the Treasury is now working, that will not be. As a matter of fact no one as yet can do much more than make a guess as to what will be proposed in the way of new taxes, because it will be late in March before the Treasury knows what it will get from the existing taxes.

THE only thing about that of which we can be sure is that it will not be enough and—that there will be a bill. The present idea of the Treasury experts, it is understood, is that the total of additional taxes to be imposed will be one billion or more. All classes will catch it—so it is said—rich and poor alike, but once more the special target will be the upper-middle or "well-to-do" class, which holds most of the corporation stock and is the easiest to attack from the political angle. Those in this class were soaked pretty hard in the tax bill of 1940, but they will get it even harder in the new bill.

THE Left Wing New Dealers are particularly enthusiastic about raising rates on the upper-middle-bracket class. No more money, it is asserted, can be obtained by raising the rates on the very rich, because of the law of diminishing return. But there is a lot more fat to be fried out of the moderately rich, and that is the program of the radical group of White House advisers, who regard it as a further step in the redistribution of wealth. However, no move in this direction will be made until all the legislation for spending, lending and leasing is out of the way. The Administration considers it bad public psychology to talk taxes while war preparations are at issue.

SO the plan is "first things first"—appropriate and spend first; face the question of how to pay last. It is regrettable to report that there is no real determination to link new taxes with economy. On the contrary, the President's own budget made it clear that so far as he is concerned there will be none. If reduction there is, it will be forced on him by Congress, not initiated or pushed by him. This fact is so clear that the economic forces in House and Senate at the moment are deeply discouraged, and all those with plans for new spending

Rush Work On State Army Camp

Army Of Eleven Thousand
Men Is Speeding Con-
struction On Can-
tonment

WEATHER DELAYS WORK THIS WINTER

By TOM BRISLIN
International News Service Staff
Correspondent

INDIANTOWN GAP, Feb. 14.—Undismayed by delays occasioned by storms and cold weather, a construction army of approximately 11,000 men today rushed work on the veritable military city that has sprung up here to house Pennsylvania's 28th Division when it moves in late this month for a year's active field training.

Though still in the process of construction, military authorities believed the cantonment would be sufficiently advanced to receive troops of the "Iron Division."

In some respects, it is amazing what has been accomplished at this military reservation since the federal government began its national defense expansion of the armed forces last fall.

From a scattering of wooden buildings, spread about the vast acreage of the training grounds, there has popped up like mushrooms more than 1,000 buildings—everything from hospitals and recreation rooms to barracks and motion picture theaters.

Col. Benjamin Jones, chief of staff for the 28th, announced that more than half the buildings will be completed by the time the 11,000 soldiers from every corner of the state moved in.

Even after the division moves into the cantonment, Col. Jones said construction work will continue in preparation for receiving nearly 10,000 selective service trainees in April.

Not a stone is being left unturned to insure that the "Iron Division" will have all possible comfort and facilities while undergoing its training period.

Each barrack will have an individual heating unit and will house 63 men. Showers, wash bowls and sanitary facilities are being installed in all barracks.

The heating is a hot air system with ducts coursing through the buildings from a furnace. Chimneys are on the outside, of brick and terra cotta construction.

Anthracite coal will be used exclusively at Indiantown, principally because the location of the camp makes a steady, uninterrupted supply of hard coal more accessible than bituminous.

The estimated 20,000 soldiers, including draftees, who will be in service here will receive a monthly pay in the neighborhood of \$1,000,000.

The food bill at Indiantown will total about \$300,000 monthly.

The Great Game Of Politics

(Continued From Page Four)

projects are engaged in pushing them; see no reason they should not.

A FINE example is found in the bill of Representative Pius Schwert, of Buffalo, the purpose of which is "to promote national preparedness through appropriation of funds to assist the several States and Territories in making adequate provision through schools for physical education, instruction and guidance in healthful living, under recreational use of school facilities and the development of school facilities and the development of school camps." For these purposes, the bill appropriates \$50,000,000 for the year ending June 30, 1941; \$60,000,000 for the year 1942; \$70,000,000 for 1943; \$80,000,000 for 1944; \$90,000,000 for 1945, and for 1946 and annually thereafter \$100,000,000.

ASKED how these large sums were to be raised, Mr. Schwert said he did not know; that that certainly was a problem. Nevertheless, with all this money going out, he saw no reason some of it should not be used for such laudable ideas as are involved in his bill. He denied that it is an Administration measure or that the NYA is back of it, though he is a great admirer of that agency. Mr. Schwert's bill may or may not go through. It has some strong support and appeals to the spenders who think there should be no limit to spending. It is cited here only because it is typical.

There are a lot of Schwerts in Congress, and they are today paying no more attention to that Roosevelt insistence upon economy than if it had not been made. And neither is he.

IF Mr. Schwert's bill does not go through, some of the others will, and there is a fine prospect—particularly when the agricultural demands are considered—that next year the expenditures for purposes other than defense will be very much increased over this year. This means that, no matter how hard the upper-middle and other brackets are soaked, the new taxes will be inadequate. It also means a deepening of discontent in the country. People cheerfully—even eagerly—will pay heavy taxes to meet a great national need. But they will not pay them without protest—and should not—in the face of indefensible waste—nor to a Government which in a crisis ignores its own recommendations for obvious economies.

saw two anti-German riots in Buenos Aires. German shops were sacked, the German club was looted and the city's German-owned newspaper, La Union, was set afire. The police looked on indifferently, the Latin authorities not caring a hoot. Finally, the Communists undertook a regular revolution. The Argentine army killed 800 of 'em in three days.

All this didn't look to me as if that country proposed to be Germanly dominated. I don't believe it does now. It might be conquered, but

not in short order, as James W. Gerard suggests.

Latin Dictators

I admit that some of the Latin-American countries have dictators of their own, but their dictators prefer to do their own dictating, not to be dictated to by Herr Hitler, Signor Mussolini or Comrade Stalin. They object to dictation from Washington, too. Washington's done a bit of it heretofore, but not the New Deal administration.

A victorious Germany could lick Latin America, of course, if Latin America actually adjoined Germany, like the Low Countries or Denmark, but across the Atlantic and with the Latins helped by the United States, it would be no snap—no mere matter of an immediate seizure or the immediate clamping down of an iron grip.

What's known as "economic penetration" a different thing.

The United States isn't much of a market for Latin American products. Our production's mainly the same as theirs. Europe's their essential customer. And if Herr Hitler gains control of practically all of it, he'll be in a position to talk economic turkey to 'em, as the buyer always is, to talk turkey, to the salesman with goods it's urgently necessary for the latter to get off his shelves.

That's an item for Uncle Samuel to think about.

JOINT HOSTESSES TO OAKWOOD GARDEN CLUB

Oakwood Garden club members were entertained in the home of Mrs. Michael Hetrick on McClelland avenue Thursday evening with Mrs. Clayton Hoffmaster, joint hostess, at their monthly session.

President, Miss Elizabeth Taylor presided, and Miss Pearl Atkinson gave a descriptive account on the "New Roses," using a colored chart for illustrating.

After a short discussion, the hostesses served refreshments.

On March 13 the membership will be received by Mrs. John D. Pattison on West State street, with Miss Margaret Lowery, joint hostess.

Silver Needle Club

Miss Sue Genrock entertained the Silver Needle club Thursday evening at her residence, East Home street.

Sewing and other pastimes were enjoyed. Mrs. Nancy Domenick won the door prize. Special guests present were Cordelia Edgington and Pauline Nucci. The birthday anniversary of Peggy DeEullo was honored.

Pains were made for a social event to be held at the Sylvan Heights country club on February 22, with husbands and escorts as guests.

Mrs. Virginia Borman will receive the club in her Neshannock avenue home on March 12.

Open Door Class

Mr. and Mrs. Willard Kimmel, who are moving to Youngstown in the near future, were honored when members of the Open Door Bible class, Third U. P. church, gathered in the home of Mr. and Mrs. Horace Allen, John street, Thursday evening.

Bible reviews, in game form, and various other contests provided pastimes, after which a tasty lunch was served by the hostess, aided by Mrs. Lenna Duncan.

Mrs. Faye Minick and Glenn Lutz were special guests.

Reunited Ladies League

Reunited Ladies League members were received by Mrs. Ira Nowling, who was hostess at her residence on Thorpe street.

An exchange of valentines preceded the contest period. Those winning prizes were Mrs. George Wyman, Mrs. Nowling and Mrs. George Nolte. The door trophy also went to the former.

After a light repast they planned a dinner party for February 27.

L. Strickler Class

Members of the Laura Strickler class of the First Baptist church enjoyed a valentine tureen dinner at 6:30 o'clock Thursday evening in the church dining room.

After a delicious menu was served the group played games, with prizes going to Mrs. B. F. Russler and Mrs. Perry McCune.

On March 13 the class will meet again with the place to be announced.

L. O. L. No. 129

Members of the L. O. L. No. 129 will meet this evening at 7:30 o'clock in the Trades and Labor assembly hall.

EAGLES AUXILIARY VALENTINE DANCE

Members of the Eagles Ladies Auxiliary and their husbands will join for a valentine dance at 9 o'clock this evening in their hall. A favorite orchestra has been engaged to provide the music.

Mrs. Henry Navarra is chairman of the event, and she with her committee will serve refreshments.

Moonlight 500 Club

Emma Euchner entertained members of the Moonlight 500 club in her home on North street Thursday evening, with cards being the chief diversion.

At the conclusion of play high score awards went to Mrs. William Mitchell, Mrs. George Woodring and Mrs. Harry Reynolds.

After a delicious lunch was served by the hostess, Mrs. Ben Black invited the group to her home on Neshannock avenue, on February 27.

Governor Approves Of Six Pardons And Nine Commutations

(International News Service)
HARRISBURG, Feb. 14.—Recommendations of the State Board of Pardons for six pardons and nine commutations of sentence today were approved by Gov. Arthur H. James.

Lawrence A. Peters, sentenced in Allegheny county court March 22, 1920, to serve six months for assault and battery, won an executive pardon as did Edward T. Miller, Clinton county, sentenced in 1938 to serve a year and a half for embezzlement of \$5000 from a Lock Haven bank.

Miller's plea was bolstered by Maj. Gen. Edward C. Shannon, ex-lieutenant governor, former head of the Pennsylvania National Guard and war-time commander of the 28th Division, who appeared before the board and suggested clemency.

Miller served in France in General Shannon's division as a cavalry major.

The appeal of Paul Petrillo, sentenced to die in the electric chair for his part in the infamous Philadelphia murder for insurance ring, was continued until Feb. 20. Last month, Governor James granted Petrillo a stay of execution until the week of March 31.

Included in the February pardons list were refusals on numerous applications for clemency heard at prior sessions. They included:

Jefferson county — James Pugliese, first degree murder, heard October.

Can't Transfer More Destroyers

Secretary Knox Says U. S. Can
Provide No More Destroyers
For Britain

(International News Service)
WASHINGTON, Feb. 14.—President Roosevelt and Secretary of Navy Knox held a luncheon conference at the White House Thursday and Knox left saying that he had not changed his own position that no more destroyers should be transferred to Britain.

Asked specifically if they had discussed the proposal of Wendell L. Willkie that the United States supply Britain with five to ten additional destroyers monthly, Knox replied that they had.

"Are we going to transfer any more destroyers?" a reporter asked. "You will have to ask Mr. Roosevelt," Knox replied. "You know I do not discuss conversations with the President."

"Does your opinion on transfer of five to ten destroyers a month still stand?"

"I haven't changed my mind," was Knox' reply.

"Has the President changed his mind?"

"You will have to ask the President," Knox replied and stepped into his car.

Confesses Holdup Story Was Hoax

(International News Service)

PITTSBURGH, Feb. 14.—Miss Mary Yusko, 22, of near Warren, employed as a maid in the home of Mrs. Mary Cox, widow of a Pittsburgh sandlot baseball umpire, today attempted faking a holdup to cover theft of \$125, city detectives claimed.

The woman, employed two weeks in the Cox home, was held for a hearing on a larceny charge. Miss Yusko first told police two armed

men entered the home while Mrs. Cox visited neighbors, but later admitted taking the money herself when part of it was located in the cellar, authorities reported.

Consider First Step For Replacing Street Cars With Bus Lines

Members of council and electric street railway officials today have in their possession copies of a proposed ordinance, which if adopted, would release the street car company of its obligations here, and be a step nearer to the proposed change from street cars to busses. However, it was pointed out that the proposed ordinance was not submitted formally to council and before it is, conferences between the city and company officials will be held.

The draft calls for the repealing of all ordinances granting to the company, any right, privilege or franchise to construct, maintain and operate street cars in the city and Cascade Park.

It forever releases the discharges the company from all obligations arising out of the ordinances and provides the terms, conditions and contingencies upon which the repeal of the ordinances and release from the obligations shall become effective.

Provides Repair Funds

Further, it establishes a special fund in the hands of the city treasurer to be known as the "Street Railway Repaving and Replacement fund" and appropriates all of the money paid by the company to the city to that fund for the repaving and replacement of certain city streets.

The company according to the proposed measure, is to pay to the city \$30,730, as follows: \$10,000, in cash immediately upon acceptance of the ordinance by the company; \$2,000, cash within 90 days of the acceptance of the ordinance; \$8,000 within three months and the balance of \$10,730 in cash within six months following the acceptance date.

The proposed ordinance also requires the company to furnish to the city a \$50,000 bond, with surety to be approved by the city, conditioned for the payment of the said \$30,730 and any further costs and

not be approved or is not approved within three months after service is abandoned, then the city shall advertise for bids and award a contract for the repair of the said portions of the streets.

Use Special Fund

The city shall pay all of the cost and expense of repairing and restoring the streets out of the special fund.

When all this is done and satisfactory to the city engineer, if there shall be any money remaining in the special fund, the same shall be made available by the city for contributions to the state highway department for the repaving and replacement of streets upon which the company has street railway tracks, on that portion of the said streets for the maintenance and repair of which the company is liable by law, and for the maintenance of which the state highway department is charged by act of assembly, June 22, 1931, P.L. 720, and for the maintenance of which the city has no liability.

If the said fund has become exhausted in doing the work as hereinabove provided for, any excess of such cost and expense over the amount of the special fund, shall be charged by the city and paid by the company within 60 days from the time the company shall notify the company of the cost.

\$100,000 Bond

The proposed ordinance requires the company to give to the city a bond in the amount of \$100,000, with surety and conditioned that if the city shall ever become liable for and required to pay, for the maintenance, repair, repaving, replacement or other care of the paving or base of any street in the city, upon which the company has tracks or any obligation, the company shall immediately upon demand, repay to the city all of such sum or sums to reimburse the city in full and that the company will fully indemnify the city and save it from damage

claim, cost and expense whatsoever arising from or based upon the obligations and liabilities which the company has or may have under the ordinances hereby repealed.

The proposed ordinance, if adopted, shall become effective only when it has been approved by the Public Utility commission.

Nowhere in the proposed ordinance is there any reference to the substitution of busses for street cars.

If the bill is presented and adopted, however, actually it will be the first legal step toward the proposed change.

Fathers And Sons Banquet At Union High February 20

Judge W. Walter Braham Will
Speak At Annual Affair
In School

Judge W. Walter Braham, president of Lawrence county, has been secured as speaker for the annual fathers and sons banquet to be held at Union Township High school, Scotland Lane, February 20.

The banquet is under the supervision of the Union Hi-Y boys, with Don McGrew, faculty advisor.

More than 200 are expected to take part in the affair. Joseph D. Ferrell will serve as toastmaster. Edward Reynolds, club president, will give a toast to fathers, while his father, Edward R. Reynolds, Sr., will respond with a toast to the sons.

According to McGrew, prizes will be awarded to the father with the most sons present, to the father and son with the lowest combined ages and to the pair with the largest combined age. The father found to have the largest waistline will also get an award.

Dinner will be prepared and served by the ladies of the Union P. T. A., under the supervision of Mrs. J. H. Grittle and Mrs. W. G. McCune.

Will Be Called

For U. S. Service

(International News Service)

STATE COLLEGE, Pa., Feb. 14.—

Word from the war department indicated that the 84 seniors who will

receive reserve army commissions as second lieutenants at the Pennsylvania State college next June will

be called to active duty for one year, unless given deferment.

The authorities will be liberal in

granting deferment to those em-

ployed in industries essential to de-

fense, said Colonel Edward D. Ar-

dery, commander of the Penn State R. O. T. C. unit. The likeli-

hood of call referred only to seniors,

and did not affect the 138 juniors

and the 2300 underclassmen taking

R. O. T. C. training here.

CITY U. C. T. MEN BANQUET TONIGHT

Past Supreme Counselor Will
Be Honor Guest At Din-
ner In Cathedral

United Commercial Travelers of New Castle will honor Fred S. Stramann, past supreme counselor and manager of the claim department of their large fraternal insurance organization, at their annual banquet in the Cathedral tonight.

Grand officers from Butler, Sharon, Beaver Falls, Erie and Greensburg are expected to join with the local council for the celebration.

The Cathedral choir of 16 voices will sing during the program, and one of the chief features will be the formal recognition of Brother William McAlpine, past grand counselor of Pennsylvania, who until recently was the secretary of the Butler council.

Stramann will address Greensburg U. C. T. members at their banquet Saturday evening. A group of New Castle members will attend it.

People aren't taking it seriously yet. You don't see anybody buying a whole barrel of sugar.

St. Lucy's Church To Celebrate Tenth Anniversary Sunday

Banquet Will Be Served In
Christopher Columbus Hall,
Sunday Evening At
6 O'Clock

Commemorating the tenth anniversary of the dedication of the present St. Lucy's Catholic church, approximately 300 members of the parish will gather in the Christopher Columbus hall, 7 South Liberty street, to participate in the banquet sponsored by the committees of the church, on Sunday evening, February 16, at 6 o'clock.

During the serving of the banquet, music will be furnished by a popular local orchestra. Violin selections will be offered by Anthony Casbero, with Edna Lewis accompanying on the piano. A few members of the Catholic clergy of Lawrence county, and well known citizens of this town, as well as the pastor, Rev. Fr. Sebastian Ippolito, will be included on the speaker's program.

Those on the general committee who are cooperating in making the affair successful are: Ralph Cipri, Louis Colella, Harry Dattilo, Michael DeVivo, Franco Porcucci, Anthony Garofalo, John Izzo, Louis Izzo, Silvester Izzo, Bart Lombardi, Jim Lettore, Guy Marchionda, Frank Marchionda, Jim N. Rabito and Nick Mastroddi.

Ladies who are on the kitchen committee are as follows: Mrs. Mamie Cipri, Mrs. Jennie Colella, Mrs. Mary Dattilo, Mrs. Angeline Porcucci, Mrs. Angeline Garofalo, Mrs. Edith Izzo, Mrs. Bridget Izzo, Mrs. Marion Lombardo, Mrs. Mary Benicivenga, Mrs. Rosaria Marchionda and Mrs. Mary Izzo.

Mrs. J. Morabito and Mrs. Frank Marchionda assisted by the following girls of the parish will aid in the dining room: Lydia Castrucci, Mary Castrucci, Mary Colella, Phyllis DePiero, Barbara DiVivo, Louise Dattilo, Emily DiPiero, Elvira DeThommas, Marion Flacco, Florence Izzo, Lydia LaMarca, Joseph Lambiasi, Jean LaMarca, Rose Leone, Angeline LaStracco, Olga Lombardo, Margaret Martino, Edith Martino, Viola Naples, Caroline Piccarelli, Mary Russo, Rose Russo, Helen Tommallo and Theresa Zarillo.

Reserve Defense Force Bill Is Put In House

Would Authorize Governor James To Set Up Group For Emergency Defense At Home

VOLUNTEER FORCE NOT TO GET PAY

(International News Service)
HARRISBURG, Feb. 14. — Gov. Arthur H. James will be authorized to establish a Pennsylvania reserve defense force if a bill introduced in the house meets the approval of the general assembly.

A bill to effect this was sponsored by Reps. Harry P. O'Neill, Lackawanna, and Matthew J. Welsh, Fayette, both Democrats. The act would repeal the 1917 law (later revised in 1937) under which a World War home guard was created.

The reserve defense force would consist of volunteers who enlisted for the duration of the war or emergency. The governor would determine the size of the force and qualifications needed for enlistment.

Receive No Pay

Officers and personnel would receive no pay but in the event the governor decided to train the force, they would receive the regular National Guard compensation for a period of not more than three weeks a year.

The bill would authorize the governor to establish the reserve defense force at any time prior to the mustering out of the Pennsylvania National Guard from active service.

Arms and equipment for the defense force would be obtained largely from the federal government.

In a companion measure, O'Neill and Welsh asked the legislature to safeguard the jobs of drafted and National Guard soldiers upon completion of their military service. Soldiers would be required to give their former employers 40 days notice.

LOCAL PASTOR GUEST SPEAKER AT DETROIT

Rev. Einar W. Lehto, pastor of the Finnish Lutheran church has left for Detroit, Michigan, where he will be the guest speaker at the St. John's Lutheran church, of that city, on Saturday evening. The occasion will be the church's mid-winter festival, which begins Saturday, and continues through Monday. The Misses Helen and Alice Koski, of the local church, will accompany the pastor, and will visit with friends in Oberlin, Ohio, and Detroit.

L. H. McCAMIC IS ILL IN HOSPITAL

Word has been received here, stating that L. H. McCamic, former local newspaperman, who is now publisher of the Wellburg, W. Va., Daily Herald, underwent an operation on his shoulder in the Ohio Valley General hospital at Wheeling, W. Va., and is getting along nicely.

Attempt Made To Enter Post Office Building In City

A bold attempt to enter the New Castle post office was made sometime last night.

When Postmaster William R. Hanna arrived there at 8 this morning, he found a 16-foot ladder resting against the structure at one of his office windows. Close inspection revealed a battered fork and minor damage to the window casings.

Indications were that the entry efforts were repeated at the money order and west side windows, Hanna said.

"Someone must have been very brazen," the postmaster commented. "The building is well illuminated, and passersby would spot a thing like that. Then, somebody was inside the building, too."

City police are giving the matter attention today.

EXTINGUISH FIRE IN TOURIST'S CAR

Central firemen were called upon to extinguish a fire in the auto of Ed. Herman, of 106 Central avenue, Foxboro, Mass., which was caused by a short in the wiring, as he was driving through the city at 11:30 o'clock last night. He drove the car to the fire station, where the wires were disconnected. The damage was slight.

Says Britain Not Seeking Destroyers

(International News Service)
WASHINGTON, Feb. 14.—One of the government's top-ranking spokesmen—an official in a position to know—today disclosed that Britain is not seeking five to ten destroyers a month as outlined by Wendell L. Willkie, but is only asking access to facilities in this country capable of repairing and refitting that many a month.

This official said a clarification of the British position has been received by this government indicating that Willkie in his conversations with Prime Minister Winston Churchill in London had gained a wrong impression.

Woman Is Struck Pocketbook Taken

Police Report Woman Is Robbed On Hillcrest Avenue By Thug Thursday Evening

Police were searching today for a thug who struck, injured and robbed Mrs. Thomas Shibek, 206 Hillcrest avenue, while she was walking west in Hillcrest avenue to her home at 8:20 p. m. Thursday. She was taken to the Jameson Memorial hospital for treatment.

According to a report made to police last night, she had left a Highland avenue street car and started west in Hillcrest avenue. Someone approached from behind, struck her, then snatched her pocketbook which contained 50 cents.

She made her way to the Preston home at 213 Hillcrest avenue, told of the attack and police were notified.

The police hurried to the scene and while one car took the woman to the hospital, other police sought her assailant.

Mrs. Shibek suffered lacerations of the head, according to reports. Detectives today stated that similar attacks have been occurring in nearby cities and as far distant as Pittsburgh.

They do not know whether the attack was committed by a local thug or men who travel from place to place for robbery purposes.

Cheap Eyeglasses

Eyeglasses are worthless at any price, if not properly fitted. The accuracy or "fit" of glasses depends entirely upon the ability and judgment of the examiner, plus his use of modern instruments. Cheap glasses are usually associated with careless, hasty eye examination, lack of style and disappointment in the relief expected.

When you can have your eyes thoroughly examined here and enjoy the dependability of our guaranteed optical service at our reasonable prices, isn't it foolish to take chances with the "only pair of eyes you'll ever have"?

Babson Discusses What Happened To Labor Unions Abroad

By ROGER W. BABSON
Copyright—1941—Publishers Financial Bureau, Inc.

BABSON PARK, Fla., Feb. 14.—I have always been sympathetic with labor. During World War I, I served as assistant secretary of labor in Washington. I am sure that labor leaders will tell you that I was fair in solving the problems that came to the department; and, believe me, there were enough of them! I soon learned that arguments did not do much good, and that lawyers only messed things up. Labor troubles are emotional, not statistical, and they cannot be "fought" successfully. Both sides are usually honest and serious from their point of view.

Have a Heart

The quickest way to solve a real labor row is to take the employer around to the homes of the workers and see the conditions under which they live. Then have some of the strikers shadow the boss for a few days and see how he is working for them 12 to 16 hours a day against the keenest competition. Of course, there are some labor leaders who selfishly think only of themselves. They purposely stir up trouble to get the union to give them a raise in pay. Some are connected with wicked rackets. These should be put in jail. Most labor leaders, however, are earnest and trustworthy men working to better the condition of the workers as they see the light.

The chief cause of labor troubles is not the labor leader, or the wages paid, or the working conditions, but rather the expensive manner in which certain employers live, the way their children foolishly spend money, and the mistakes they make in exhibiting their power and wealth. Very few wage workers are jealous of the employer who founded the business, but it does "burn them up" to see the employers' children racing around town and blowing in money, while their own little children have barely enough to eat or are unable to continue schooling. So much for where I stand on the labor problem. Furthermore, let me say that in normal times labor unions are both right and necessary.

Circumstances Alter Cases

When it comes to questions of strikes and lockouts, in days like these, I feel that both are selfish, cowardly and unpatriotic. The stirring up of 750,000 rail workers of class 1 roads with demands by labor organizations, not the employees, for vacations with pay is a good current example. This will use much of the energy of the president, who is already overworked, and of railroad officials. The time of all concerned might better be spent in cooperating to move more quickly important industrial freight shipments.

The government is putting a ceiling on the profits of all businesses, and it is only fair to likewise veto strikes and lockouts. Although in the past labor has not had a fair deal at times, yet "two blacks do not make a white." When the whole nation is in danger, as at present, we all ought to be ashamed to do anything which holds up production. Certainly, during the present emergency, congress should demand compulsory arbitration. We either must go to work or go to war! I

had much rather go to work—forgetting wages, hours or profits. In view of the recent Supreme Court decision which was 100 per cent in favor of labor, I wish to remind labor of what is happening abroad. When I was over there two years ago, I found that Germany had "canned" all the labor unions and threatened to shoot anyone who called a strike or a lockout. France refused to do this as the French politicians were afraid of losing votes. Even last April, when the Germans were pounding at the gates of France, labor leaders and employers were fighting one another. As a result, the Germans marched into France! The Germans then disbanded the French labor unions and their leaders were put in jail.

Labor Leaders Are In Jail

Up to February first of this year, the English government was very patient with the labor unions; in fact, my friend, Minister of Labor Bevin, is a radical labor leader. When he got on the inside, however, and saw the great dangers, he made both strikes and lockouts illegal. Since February first he has been putting uniforms on the workers, the same as on the soldiers. Anybody who sabotages or even refuses to work in an airplane factory, tank plant or munitions factory is thrown into jail.

Worse things have happened to the labor unions in Norway, Belgium, Holland and other countries that tried to remain neutral as we are trying to do. These countries had not only very strong labor unions, but also unemployment insurance, old-age pensions, sickness benefits and co-operative buying societies. These were doing splendid work with their co-operative factories, stores and even banks. All of these good things have been thrown out of the window. The United States and Canada are now the only countries that have these blessings today. It certainly seems as if we all should be on our good behavior and quit quizzing, or even arguing among ourselves.

Remember the Farmers!

Farmers are not perfect. They have always howled and always will howl. On the other hand, they sure are getting the short end of the stick when it comes to prices, wages and hours. Once I figured that if farmers were paid the same as the building trades are paid, beef would sell for three dollars a pound, eggs would cost two dollars a dozen, and bread would sell for 25 cents a loaf. Of course, this unequal treatment is very unfair to the farmers. You would think that the city people, especially union labor, would be ashamed to look a farmer in the face.

In this connection, let me say that the British are not only forbidding strikes and lockouts, but are doing other big things. For instance, they are endeavoring to put an end to installment buying. The government makes the point that it is the total debt of the nation which really counts. Hence, as their national debt increases, they insist that personal debts be reduced.

I am no war monger, but I doubt that we can save Great Britain and our own necks by continuing, during this emergency, either the Old Deal or the New Deal. We have got to forget both, and this includes profits, wages, hours and all the "fixings" that go with these things. Moreover, the sooner we forget ourselves, the sooner we will save our necks. Let us make no mistake about this.

K. H. Beck Named Bell Plant Head

Will Succeed William E. Blankenstein Here As Later Goes To Pittsburgh

Kenneth H. Beck has been named district plant superintendent for the Bell Telephone company in the New Castle central office area, succeeding William E. Blankenstein, who has been transferred to a similar position in Pittsburgh.

The changes, effective March 1, were announced in Pittsburgh by P. J. Chesterman, vice president and general manager for the Bell company. Mr. Beck entered Bell service in 1919 as an engineer of building in Pittsburgh, after serving in the sanitary corps during the world war. He comes to New Castle from DuBois, Pa., where he has been plant wire chief since April, 1939. He lives at 520 South Main street. DuBois. A son, Kenneth, Jr., is a student at Penn State.

Mr. Blankenstein, who has been stationed here since April, 1939, becomes plant superintendent of Pittsburgh's downtown district. Aside from nearly two years here, all of his service with the Bell company, beginning in 1918, has been in Pittsburgh. His home here is at 206 Euclid avenue. He is a member of the New Castle Kiwanis club.

PLAINGROVE

GRANGE MEETS.

The Plaingrove Grange met at the hall on Tuesday evening. After the opening exercises, the program was introduced by the lecturer, Leora McCommons. This was citizenship program.

Song, Battle Hymn of the Republic. Roll call, historical saying and the authors. Reading, Flanders Fields, Leora McCommons. Reading, Madge Neely.

Discussion, How is citizenship tied up with the Grange work? This was led by Mrs. Pearl Patterson. The Juvenile Grange also presented a program at this time. Story, Evelyn Minor. Poem, Stewart Rodgers. Jokes, John Neely. Recitation, De Witt Maxwell. Songs were led by

Gay Rodgers. Stunts, Walter Rodgers. Social committee, Mrs. Pearl Patterson, Avenell Minor, Clyde McCommons and Mrs. Florence Shaw. Home economic committee, Mrs. Adda Offutt, Mrs. Grace Holman and Mrs. Ida Mae Smith.

READING CIRCLE.

The Plaingrove Reading Circle met at the home of Rev. and Mrs. Leslie Bell, on Friday evening. A citizenship program was presented. President's address, John Wimer. Piano solo, Mary Sankey. Patriotic singing led by Theodora Pollock. Preserve the American Way, Mrs. Nora Heckathorne. Recitation Cooperative, Dean Watson.

Famous men of the past, Given Shaw. Duet, Mount Vernon Bells, Jane Brown and Luella Peebles. Famous men of the present, Walter Rodgers. Lunch was served by

the hostess assisted by the younger group.

PLAINGROVE NOTES.

Emogene Minor was discharged from the Jameson hospital on Tuesday, and returned to her home here. Neighbors and members of the Cozy Home club pleasantly surprised Mr. and Mrs. Floyd Rodgers on Saturday evening, the occasion being their thirtieth wedding anniversary. Games, music and social chat were the diversions of the evening. The neighbors presented the couple with a lovely bedspread and the children of the couple presented their parents with an E. I. S. floor lamp. Delicious refreshments were

served by the hostess assisted by her aides.

Mr. and Mrs. John have completed their new home and moved into it on Thursday.

On account of deep and drifted snow there were no services at the U. P. church on Sunday.

Dr. Dafoe's Column On The Quintuplets And The Care Of Your Children

(Copyright, 1941, King Features Syndicate, Inc.)

PNEUMONIA AND OXYGEN

When a lung becomes infected with pneumonia it loses its light, air-conditioned character; all or part of it becomes a hard, solid mass. The result is that the part of the lung so involved can no longer hold oxygen which in the ordinary course of its functions is absorbed into the arteries from the lung.

Since the useful area of this lung has been cut down, there is less oxygen being absorbed into the system. As a result the patient frequently gets blue in color. This condition first shows itself in the lips, the finger nails and the lobes of the ears. When this manifestation does appear, then you know you have an extremely sick person on your hands. It means that the chances of recovery are greatly reduced.

It is because of this failure of the system to get its normal supply of oxygen that we use oxygen tents in some cases. This mode of treatment has certainly been a great boon to us, and I have no doubt that it will continue to have its uses even with the perfection of serums and other drugs to combat pneumonia.

The average well persons breathes air which is about twenty per cent oxygen, and in order to get enough for his system, he breathes about 20 times per minute. A child of a year or less breathes about 35 times.

Obviously, if part of the lung is involved by the pneumonia, that part has been removed as a distributor of oxygen. So the patient must breathe often to make up for the loss of lung area. If this lost lung area increases, the breathing gets faster and faster, until even this doesn't make up for the loss in oxygen. It is at this point that the patient begins to turn blue—cyanosis, it is called, and when this happens, you know that the patient is in a serious condition.

Let us assume that it is a baby that is beginning to gasp for breath and turn blue. If his doctor can double the amount of oxygen in the air he breathes, this will make up for the loss of lung area. When this is done the blueness disappears. Usually when it is given in the oxygen tent, his breathing will be a good deal slower, because he is now getting his oxygen. That means that his strength is being conserved for the fight that lies ahead of him.

This giving of oxygen is handled very scientifically in hospitals. The tent is a sort of shelter that goes over the patient's head and into this tent the oxygen is poured for the child to breathe. Various ways have been devised to keep this tent cool so the child will be comfortable while the treatment is in progress.

Sometimes, however, in emergencies where there isn't a proper tent, I have given oxygen to a patient to breathe just by means of a tube which goes into the patient's mouth. This of course, is more suitable for adults than children or babies.

Youngsters just don't like this method and rarely cooperate as they must if it is to be successful.

Thanks to all the developments

in treatments, pneumonia isn't the fearful disease it once was. But it is still bad enough, believe me. As you know, the lung where the pneumonia settles is made up of many arteries and veins. So the infection from the lung is quite apt to get into the blood stream, and be carried to various parts of the body. In the old days, this was a frequent source of meningitis. It was extremely serious, because a child, weakened by a siege of pneumonia, was in no condition to fight off an infection of the brain, and so most such patients died.

The new drugs I referred to in earlier columns this week, now take care of this condition. If they are administered in time, the meningitis won't even get a chance to develop. But they must be administered by someone who understands them. This is the reason I advocate that pneumonia cases be removed to hospitals wherever possible.

MAKE HIM SPEAK

A Chinese was worried by a vicious-looking dog, which barked at him in an angry manner. "Don't be afraid of him," said the owner reassuringly. "You know the old proverb, 'A barking dog never bites.'"

"Yes," said the Chinese. "You know proverb and me know proverb, but does dog know proverb?"

Miss Devereaux Is Named Key Red Cross Nurse Here

Appointment Is Announced By District Red Cross Headquarters Today

Miss Margaret Devereaux, director of nursing at the Jameson Memorial hospital, has just been named key Red Cross nurse for the local area, word received today from the District Red Cross office at Pittsburgh states.

In this capacity, Miss Devereaux will have charge of all nursing service in the local district in the event of an emergency or disaster, and will also co-operate with the Lawrence County Chapter in its home hygiene and care of the sick program.

The Lawrence County Chapter is elated with the appointment. Miss Devereaux having had a wide experience in Red Cross nursing service and will be a great asset to the chapter in its program of service to the public.

Special Program At Finnish Church Saturday Evening

At the Finnish Lutheran church, South Ray street, there will be a special program Saturday evening, commencing at 8 o'clock. The meeting will be under the auspices of the Bethany Sisters of the Finnish Lutheran church.

The guest speaker will be Mrs. A. Haapainen, Hancock, Michigan, wife of the president of the Suomi Synod.

Mrs. Haapainen accepted the call made by the Bethany Sisterhood of Ohio-Pennsylvania to tour and address the conference meetings held by the women, at the various churches in the district.

The meeting on Saturday evening is open to all. Refreshments will be served after the program by the local Bethany sisters.

Dr. A. Haapainen will in the near future make an inspection tour of the Ohio-Pennsylvania Conference churches, and the local members will have an opportunity to hear him, and renew his acquaintance.

Adopt Ordinance For Storm Sewer

When council met today in city hall an ordinance was adopted for the construction of a storm sewer between Wilson and Jackson avenues in the Fifth ward. It will be part of the Huron avenue drainage district. The WPA is ready to provide labor as soon as the city is ready to proceed with the improvement. City Engineer Glenn R. Throop stated.

DAILY DOZEN

(From the Medical Society of the State of Pennsylvania)

Does the hair grow after death? Some say it does. Do nails grow after death? Not so that scientists have noticed it.

Medical authorities do not believe hair or nails grow after death. Shrinkage of skin and soft tissues creates the illusion.

Giving the appearance of growth without its actually growing. Death comes when heart, lungs and brain cease to function.

Body cells may continue their activity a brief period after death. All body cells cease activity within 3 or 4 hours after death.

Both hair and nails are highly resistant to decomposition. Medical men insist that hair and nails do not grow after death.

Anniversary To Be Celebrated

Ladies' Aid Of Finnish Lutheran Church Will Observe Fortieth Anniversary

On Sunday afternoon, at 2:30 p. m., the Older Ladies' Aid of the Finnish Lutheran church, South Ray street, will meet to celebrate the fortieth anniversary of their organization. A splendid program has been arranged by the various committees in charge.

Mrs. A. Haapainen, of Hancock, Michigan, will be the guest speaker.

Last November the Finnish congregation celebrated the fortieth anniversary of its founding. A number of the charter members are still active in the church and society.

The society has fifteen active members at present. Meeting are held twice a month, at homes of the members, when business is taken care of, followed by Bible reading, recitations, and a short address by the pastor. This organization plays an important part in the support of the church.

Codification Of Marriage Laws In State Suggested

(International News Service) HARRISBURG, Feb. 14.—The general assembly is asked to codify the state's marriage laws and outlaw common law unions.

According to Rep. Albert S. Readinger, (D), Berks, one of the bill's sponsors, the codification would be the first in the state's history. The other sponsor is Rep. J. Perry Eckles, (R.), Crawford.

In addition to barring future common law marriages, the bipartisan

House measure would affect these other changes:

Make 18 years the minimum age under which marriages of minors may be performed without the consent of an orphan's court. The present minimum is 16. Under the Readinger-Eckles bill the consent of parents would be sufficient only for minors 18 to 21 years old.

Codify the various laws granting authority to various officials to perform marriages. The new act would clarify but make no changes.

Increase the license fee from \$2.50

to \$2.75, the additional twenty-five cents to go to the county in which the marriage is performed for the handling of additional records which would be filed with the state department of health. The measure is being backed by the Pennsylvania Federation of Women's club.

First Aid Men To Protect Motorists On Dream Highway

Gas Station Attendants Along Route Will Get Red Cross Training

The "Dream Highway" of Pennsylvania, the turnpike of high speed, is to be safeguarded by a series of 10 Red Cross highway first aid stations.

Manned and equipped to provide skilled emergency care for accident victims, these first aid centers will be established at service stations bordering the 160-mile super highway at intervals of approximately 15 miles.

Through an agreement between the Red Cross and the Standard Oil company of Pennsylvania, 150 men employed by the company along the turnpike are being trained in Red Cross first aid by Robert Zubrod, national first aid representative. Mr. Zubrod is well known in the Lawrence county chapter, having conducted classes at various times.

First aid equipment and supplies for all 10 stations will be provided by the company. The turnpike commission also will maintain ambulances at each of the stations for emergency use by the Pennsylvania state police, who are likewise Red Cross first aid trainees.

TROOP 11

Girl Scouts of Silvanus troop held their weekly meeting on Tuesday in the Rhodes Mission. Business was conducted, and the new troop cup-board was inspected, ready to be painted.

Rosemary Audia and Sara Price were invested in an impressive ceremony. Play practice took up the great portion of time, followed by singing. The old and new version of dancing the Virginia reel was tried. The meeting closed with benediction and taps. Next meeting on Tuesday, February 18.

Scribe, Clara Cartwright.

TROOP 12

Girl Scouts of troop 12 held their weekly meeting Wednesday at the Thaddeus Stevens school. The meeting was held in the form of a party.

Many games were played and DeLore Jean DiLullo captured a prize. Lunches were eaten and the meeting closed.

Scribe, Sally Hamill.

Five Men Join U. S. Army Here

Pro Indus Observes Its Founders' Day

Pro Indus club members celebrated their annual Founders' Day at a stag dinner last night in a Mt. Jackson road inn. The club, composed of young business and professional men of New Castle, got its start years ago as the Y's Men's club.

Principal speaker was Sergeant Owen E. Tighe of the local U. S. Army recruiting office, who showed motion pictures of army life. Howard L. Reynolds was toastmaster.

Cards formed the diversion for the late-evening hours.

Skill takes practice, and you can't blame beginners for being awful. But nobody has a right to be awful in public.

Sergeant Owen E. Tighe, officer-in-charge of the New Castle Army Recruiting office, stated today that the following men have enlisted for three years:

Jess P. Plonka, son of Mrs. Josephine Plonka, 101 Terrace avenue, Air Corps, Lowry Field, Colorado.

Bartholomew P. Veltr, Jr., son of Mr. and Mrs. B. P. Veltr, Sr., Hillsville, Infantry, Hawaiian Department.

Joseph T. Gerhard, son of Mrs. Helen M. Gerhard, 814 Neshannock boulevard, 99th Field Artillery, Edgewood Arsenal, Md.

John P. Wynn, son of Mrs. Alice M. Wynn, 251 West Falls street, 1326 Service Unit, Camp Lee, Virginia.

Harold R. Stevenson, son of Mr. and Mrs. William Stevenson, Mahoningtown R. D. 7, 99th Field Artillery, Edgewood Arsenal, Md.

Richard Spon, Sharon, went to Infantry, Hawaiian Department.

Seven Are Killed In Plant Blast

(International News Service)
DU QUOIN, Ill., Feb. 14.—Seven men were killed today in an explosion at the United Electric Coal Co., liquid oxygen plant five miles west of Du Quoin.

The cause of the explosion has not been determined, Superintendent Fred Huff of the United Electric Coal Co., said.

FIRE CHIEF THOMAS IS ON SICK LIST

Fire Chief James E. Thomas, of East Long avenue, is off duty because of trouble with his right foot. The bones of the instep are swollen and painful making it impossible to wear his shoe. He expects to be able to resume his duties next week.

Nazi Educational Move Seen In South America

By KINGSBURY SMITH
International News Service Staff Correspondent

WASHINGTON, Feb. 14.—Serious concern over what appears to be an organized German move to establish a Nazi educational system in Central and South America, the United States government has sent a special envoy to several of the Central American Republics to investigate the situation, informed quarters disclosed today.

The envoy, Andrew V. Corry, a member of Nelson Rockefeller's office for the coordination of commercial and cultural relations between the American republics, is now in Mexico.

His mission is not only to investigate the German educational penetration of the Central American Republics, but also to explore the possibilities of establishing American schools with American teachers in those republics in order to offset the German efforts to get a hold on the youth of Latin America.

A report on the activities of Nazi agents in Mexico submitted to the State Department by Vice President Henry A. Wallace following his recent visit there is believed to have an important bearing on the study Corry now is making in that country.

Information received by the State

Department shows that German schools have been established on a wide-scale in numerous Latin American countries, including Mexico, Argentina, Brazil, Chile, Paraguay, Uruguay and Ecuador. In many instances, instructors have been sent direct from Germany to teach in the schools.

"RETONGA CAN'T BE BEAT," SAYS MRS. CLARK

Distress From Indigestion, Sour Stomach, Constipation, And Nervousness Promptly Relieved, She States. Feels Fine Now.

Grateful endorsements of Retonga are heard on every hand as well known Pennsylvania men and women pour out their heartfelt gratitude for the blessed relief by this purely herbal medicine combined with Vitamin B-1. Mrs. Levina Clark, well known resident of 460 Grace St., Pittsburgh, is among the latest to give it her strong public praise:

"I tried lots of medicines, but I never saw the equal of Retonga," declared Mrs. Clark. "Indigestion tortured me almost unbearably, and often I could retain nothing I ate. I had to take purgatives almost every day for constipation, but despite these purgatives I had severe headaches and muscular pains that gave me no peace. I got to feeling so nervous I didn't know what a good night's rest was, and I lost so much strength I could hardly stay up."

"Retonga promptly relieved these distresses. Now I eat anything put on the table without suffering. I have regained a lot of strength and I feel fine. For those who suffer as I did, Retonga can't be beat."

Retonga is a herbal stomachic medicine containing medicinal extracts of roots, herbs and barks, combined with Vitamin B-1. Accept no substitute. Retonga may be obtained at Pay Less Cut Rate—Adv

To Use 22 Carloads Of Lumber On Project Here

One of the two stake trucks, being used in connection with the construction of the buildings on the Boys Work Experience Center, at Cunningham Park, could be seen Thursday speeding from the plot to bring more lumber from the unloading point, which is on Moravia street, near the old mill. About half the lumber needed is already on the ground. There are two of these trucks which are continually at work, and are driven by the boys.

Three of the barracks and the staff dormitory are now complete to date.

Excavations have commenced, under the supervision of Joe Craig, labor foreman, for the Trucon type prefabricated shop. This work is being done by the boys on the job, of which there were 65 on hand today. The foundations for the

steel shop, will be constructed of concrete blocks. The steel for this building which will be 112 by 40 feet, is expected to arrive in three weeks.

Foundation posts are being placed for the recreation building, which will be 140 by 24 feet.

John F. Shuler, the engineer, states that sewer trenches are being excavated, for the laying of pipe, from the inlet ends to the building line, so that the construction on the buildings may proceed without delay.

Twenty two carloads of lumber will be used in the erection of the fourteen frame buildings on the project.

There are to be four other projects in the state similar to this one in Cunningham Park, but the New Castle project is in the forefront, in the amount of work already accomplished.

On Court House Hill

Francesco Vitelli to Achille Bellino, eighth ward, \$1.

Before Judge W. Walter Brahm on Thursday the appeal of Mary Helen Gilkey against a tax sale of properties was heard. Two farms, known as the E. O. Duff and J. Knox Gilkey farms, were sold for delinquent taxes for 1931 and 1932. The petitioner claims that the delinquencies, amounting to about \$216 were paid. Former County Treasurer W. O. Pitts was called and testified to the collection of the money, but it is argued for the county that the money was applied to delinquencies for 1928 and 1932. No decision was rendered.

Shortly after this is being read, two young ladies who have served the county for several years will have changed their names, but they can't help but remember their service on the hill.

On Thursday morning the girls of the court house gathered in the commissioners' office and Miss Kathryn Binder was presented with a handsome set of Haviland china. For a few moments it looked as though some mistake had been made. David Forrest brought the box in, and when it was opened it was discovered to be a box of adding machine paper. A slight delay and the real box was found.

Early in the afternoon a similar scene took place in the prothonotary's office. Miss Marian Truby was presented with a set of fine woolen blankets, a bed spread and pillow slips. And, of course, in each case it was just what the bride wanted.

Miss Binder becomes the bride of Assistant City Solicitor Frank O. Moretti tonight at seven in the Westminster college chapel, and at 7:30 Miss Truby becomes the bride of State Motor Policeman William James.

For the first time in about two years it looks as though the March term of criminal court may go two weeks, or at least over one week. There is a murder case to be tried, that against Mrs. Leila Dixon, who is charged with the murder of her husband. The case will probably take at least three days.

The recent raid of the state liquor control agents brings 15 cases up, if they all stand trial. Some of

them will likely plead, but most of them have entered pleas of not guilty and want a trial.

That anticipatory look you see on the faces of the attorneys of the county this week is predicated upon the bar banquet which will be held March 1 in the New Castle Field club. Precedent that goes back to the ante-Blackstone days demands turkey, and turkey it will be.

The attorneys are suspicious fellows and won't trust the carving of their turkeys to a layman. So they do it themselves.

In the afternoon a seminar will be held in the Field club lounge room, with Federal Circuit Judge Herbert L. Goodrich presiding. A seminar to you, my friend, is a forum with a silk hat on, and a degree of bachelor of laws.

INCOME TAX IN A NUTSHELL

DEDUCTION OF CAPITAL LOSSES

No deduction is allowable for losses from sales or exchanges of property, directly or indirectly, between (a) members of a family, (b) a corporation and an individual owning more than 50 per cent of its stock (liquidations excepted), (c) a grantor and fiduciary of any trust, or (d) a fiduciary and a beneficiary of the same trust.

If (1) shares of stock become worthless during the year, or (2) corporate securities with interest coupons or in registered form are ascertained to be worthless and charged off during the year, and are capital assets, the loss therefrom shall be considered as from the sale or exchange of capital assets as of the last day of such taxable year.

In determining "gain" in case of property acquired before March 1, 1913, the cost, or the fair market value as of March 1, 1913, adjusted as provided in section 113 (b), as amended by section 215 of the Revenue Act of 1939, whichever is greater, should be used, and in determining "loss" the cost, so adjusted, should be used. If the property was acquired after February 28, 1913, the cost, except as otherwise provided

in section 113, as amended by sections 213, 214, 215 and 223 of the Revenue Act of 1939, should be used.

The taxpayer's return should state the following facts: (a) For real estate, the location and description of land and improvements; (b) for bonds or other evidences of indebtedness, name of issuing corporation, particular issue, denomination, and amount; and (c) for stocks, name of corporation, class of stock, number of shares, and capital charges affecting basis (including nontaxable distributions).

"Hey, Moik, and phwat do ye tink of these new sanitary drinkin' cups?"

"Sure, Pat, and soon we'll have to spit on our hands with an eye dropper."

TWO MEN ENLIST HERE FOR NAVY

Lawrence Rust, R. D. 1, West Middlesex, and Silas R. McNary, R. D. 6, Mercer, were enlisted in the United States Navy at the New Castle Recruiting office, according to John J. McElwee.

Rust enlisted for a six-year period and McNary will serve until he reaches the age of 21. Both have been sent to the Naval Training Station, Newport, R. I., for a training period of six weeks before being assigned to a unit of the U. S. fleet.

The first public school in New Bern, N. C., established in 1766, was maintained by taxes on rum and other liquors.

Butler High Here Tonight

New Castle High Will Seek Revenge For Defeat At Butler In January

RESERVES MEET IN PRELIMINARY

New Castle high basketball team will be out for revenge tonight when they tangle with the Butler high team in a non-league game at the George Washington high gym. At 7 o'clock the Reserves of both schools will play the preliminary game.

Butler gave the locals a 37 to 22 setback at Butler early in the season and tonight the New Castle boys hope to even the score. Head Coach Phil Eridenbaugh will start the same group that began the Beaver Falls game the other night.

Have Lost Three
Coach Whitey Silander did not lose any boys at the end of the first semester and will be at full strength. McLafferty and Paffrath are two boys who will bear watching. They are crack shots and fine floormen.

Since facing Butler the New Castle team has lost the services of Al Bucci, Ernie Adamo and Liny Walls, three fine performers, but nevertheless New Castle can be expected to give the visiting Soapminters a tough tussle.

Following are the probable line-ups:
New Castle: Butler
Ross, F. Tannotti
Lee, F. McLafferty
Cooper, C. Paffrath
Christopher, G. Denny
Thomas, G. DeRose

REDS WILL HAUL 12 PEGGERS SOUTH

While other National League clubs will be tagging along anywhere from 15 to 20 pitchers, the championship Cincinnati Reds will haul but 12 peggers to their spring training base.

HERE AND THERE IN SPORTS' LAND

Senator J. K. McQuiddy most assuredly doesn't forget the athletic inclined while working for the taxpayers in Harrisburg. Evidence of this was seen here today a copy of the legislative record having reached this desk. The record contains the resolution presented by Senators J. K. McQuiddy and J. K. McQuiddy aimed at Leon L. Rains of the state athletic commission—and which will be aimed following the Louis-Dorazio fight in Philadelphia. The resolution deals with boxing and wrestling, both of which have joined the money ranks. Some serious accusations are made. In statements made at Mr. Rains has denied the accusations and he has asserted that refusal of free tickets inspired the charges.

Jefferson Athletic club today announced that the wrestlers alias the G & G or grunt and groaners will be back on The Arena mat the night of February 24. It will be the second show of its kind this year. Just whom Matchmaker Tommy Leach will put in the roped ring is unknown but he hopes to secure a few big names. Of course, the type of catch-as-catch-can grappling staged nowadays is not the kind of wrestling displayed in the days of Gotch, Hackenschmidt, Burns, Jenkins, the Zbyskos, Americus et al. Three decades ago there was a yell about the squareness of some wrestling matches. Only dyed-in-the-wool fans watched them. They were not sufficient exciting and because of this there developed the present day burlesque or exhibition wrestling. The grapplers use all kind of holds and most of the boys can wrestle. However, their stock in trade is contained in their ability to show a lot of action, comedy and give the people a good show for four or six bits.

John Kimbrough, Texas A & M fullback may be in the service soon. He is among 476 members of the R. O. T. C. at Texas A & M called to the service. Others are Bill Conster and Marland Jeffrey and six other members of the 1939 and 1940 Aggie team. In the boxing game Al (Bummy) Davis who lost his license because of his reported fouling of Fritz Zivic, will be inducted into the army today in Brooklyn.

Stormy Weather, queen of the Miami-to-Nassau racing fleet, extended her reign to five years yesterday by winning the eighth annual 184-mile dash across the Gulf stream.

Sonny Horne, Plain Dealer welter-weight champion, will probably appear against some good opponent here March 3 when the Lawrence County Youth Development sponsors a boxing show to raise money for the recreation centers. Approximately 1,000 boys belong to the recreation centers.

Although Joe Gordon, Yankees second baseman, has not yet signed his 1941 contract because he is dissatisfied with financial compensation, he will train with the Yankees at St. Petersburg, Fla. The Pirates announced today that Pitcher Bob Klinger has signed his contract.

Willie Hoppe, New York, who is 53 years old, last night in Chicago, defeated Jay Bozeman of Vallejo, Cal. 50 to 35 in 35 innings in the World's Three-cushion billiard tournament. He has won 15 and lost one match. Only Jake Schaefer, Jr., of Cleveland, has a mathematical chance to tie him.

Church League Games Tonight

There are three games listed for the New Castle church basketball league tonight on the "Y" floor. The first game will start at 7:45 o'clock and will find the First Baptist meeting the St. George Greek team.

In the second game the First Presbyterians will battle the Epworth team. The third game will put the Second U. P. against the First Methodist team.

Chance For Tie In Section 20

New Wilmington - Wampum High May Wind Up In Deadlock For Diadem

Possibilities of a two-way tie for the Section 20 championship are imminent. As the rivals await the starting whistle that will send them into action again tonight, New Wilmington and Wampum high are sitting on top with seven victories against three setbacks.

Both aggregations face the same two opponents within the next five days. Tonight, New Wilmington journeys to Union township for a tussle with Union high, while Wampum invades Mt. Jackson's lair. Tuesday, Wampum goes to Union high while the "Greyhounds" play host to the Mt. Jackson five.

In facing Mt. Jackson, the two top teams stack up against a cement wall. The Mounties can edge into the title picture by pancaking New Wilmington and Wampum. While the assignment is a stiff one, it can be done.

Mt. Jackson dropped a heart-breaker Wednesday evening, losing a 10-point lead and eventually falling on the short end of a 35-34 count in a clash with Wampum. Despite this, Coach Lockley assures all and sundry that his lads are not too discouraged. Tonight's game at Mt. Jackson may be equally as thrilling as the encounter staged at Ellwood City.

With "Kenny" Cathcart hitting his stride, New Wilmington feels confident of taking over Union township, thus remaining on top. Union has won one loop fray against eight losses. With nothing at stake, the Scotland Laners could find their bearings and wreck the championship picture for the "Greyhounds."

While the upper berth aggregations collide, Bessemer and Shenango match wits on Shenango floor in what should be a thriller. Because of the rivalry, Shenango and Bessemer always manage to produce humdingers, in football, basketball or whatever the sport may be.

East Brook high is idle.

Tourney Meeting On Monday Night

Expect Fourth Annual City-County Floor Tourney To Draw Big Crowds

The first meeting of the City-County basketball tourney officials and the managers of the various teams in the city and county wanting in the fourth annual tournament, will be held on Monday night at 7:30 o'clock in the city council chamber.

Anthony Conn, general chairman of the tourney revealed today that there is considerable interest being shown by all teams in the vicinity and that the tourney this year will be bigger and better than ever. The tournament will probably start on Monday, March 3, at the George Washington high gym. The proceeds will go to the New Castle Music Council. Any team desiring any information about the tourney can contact either Sid Lockley at 3432, or Charles "Bugs" Walther at 4090.

Falcons Defeat Valley Quintet

The Polish Falcons last night at the Miller avenue floor walloped the New Brighton Markets team 68 to 32, with Eugene "Gabby" Kendra the Falcon ace performer, going on a scoring spree to hang up 27 of the Falcon points.

At the half the locals led 25 to 17. The end of the third period it was 37 to 23 in favor of the Falcons. The Falcons made 31 points the final period. Kendra made all of his points in the last half of the game.

Tonight the Falcons will go to the Beaver Valley to battle the Beaver Falls Falcons. The next home game is Sunday with the K. Pulaski team, the ancient rivals furnishing the opposition. There will be three games Sunday at the Falcon court, the Factor Variety girls meeting the Canton Hoovers and the Falcon Reserves meeting the K. Pulaski Jayvees.

Titans Have Juniata As Foe On Saturday

(Special To The News)

NEW WILMINGTON, Feb. 14.—On their way to the making of a new basketball record at Westminster college, Coach Grover Washabaugh's Titan cagers, with 13 won and one lost for the season, meet the Juniata Indians on the New Wilmington floor this Saturday night, February 15.

The Blue and White cagers' best season in basketball history was their 1931 season, with 13 won and one lost. In 1935, the Titans produced a 19 won and three lost record.

In offensive power, the Titans have produced an average of 47 points per game in 13 contests, against 34 points a game for the opposition. Only once this year did the Titans fall under the 40-points-a-game level, against the Indiana Teachers, when Westminster lost its only game this year 38-37.

Charles "Buzz" Ridl, Titan forward, still leads the Westminster cagers, with 146 points from 56 goals and 34 free tosses. Ridl's last

season mark with 177 points. Following him in a close second position are Dale Dummire, Vandergrift, with 115 points; Stan Wasik, Pittsburgh center, 113; and Lee Fox, Schenectady, N. Y. forward, 107. Joe Spak, Pittsburgh guard, pivot-man in the Titan offensive, spends most of his time as a feeder and takes but few shots at the basket. Against West Chester, however, Spak was high-point scorer, with 13 points.

The Juniata Indians will have three players above the six-foot-two mark. Chief scoring threat, however, is small Captain Al Leopold whose left-handed tosses are good for an average of 20 points a game.

Following the Juniata game, the Titans face three dangerous opponents—Youngstown, Waynesburg and Geneva, with all games scheduled on opposition courts.

Westminster scored a perfect record on its eastern invasion, which it returned Thursday, with wins over West Chester 54-35, Millersville 51-48 and Juniata 54-25.

Fannins Upset Genevans 55-30

The Fannin Big Five basketball team walloped the Genevans last night at the Arena floor after a poor first half start, 55 to 30. The Genevans led the first half 20 to 19.

In the fourth quarter the Fannins scored 20 points to six for the Genevans. This is the 12th straight win for the Fannins and the 20th of the season against two losses.

Sunday the Fannins will play the Sovinto A. C. at Ashtabula, Ohio. Next Tuesday, the McDonald P.N.A. team will be met at McDonald.

Ryantown Team To Meet Sunday

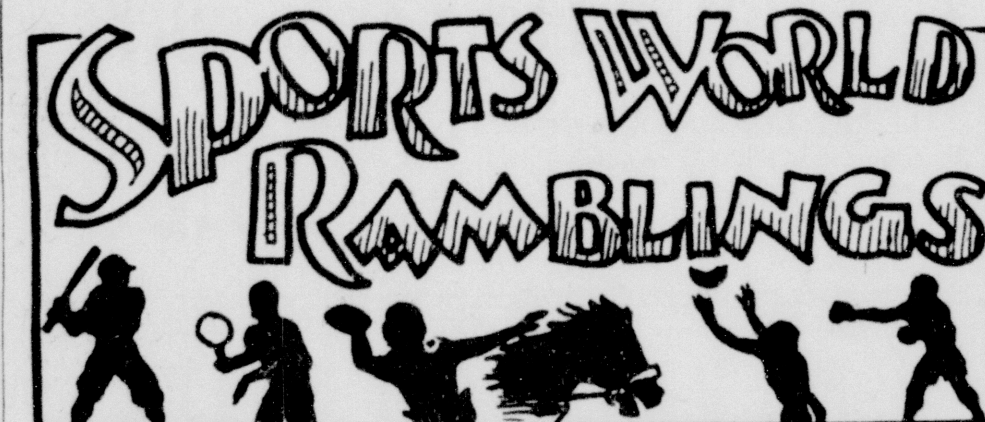

The Ryantown baseball team will have an important meeting at the home of Joe Samuels on Sunday afternoon at 2:30 o'clock. It was announced today. All of the 1940 players are requested to be present at the meeting.

Plans for the coming City baseball league season will be made. Ryantown will have several new faces in the lineup this season. It was indicated by Manager Samuels.

BIG GOLF OPEN FOR YOUNGSTOWN

Leading golfers throughout the nation will gather in Youngstown this coming summer for the \$5,000 Mahoning Open.

The big time event will be held in June or July. The three-day links affair will be a 72-hole event.

A flock of sporting things—Sport fans will be glad to hear that Tom Carey, ex-New Castle High cage ace, has fully recovered from an attack of the flu. The nimble flipper was down for about a week. He re-appeared in the Slippery Rock lineup and immediately played a major role in the Rockets' surprise victory over the staunch Indiana State Teachers. Carey led the proceedings with 13 markers and a flawless floor game.

Paul Eagan, the well informed sports addict, says he isn't sure but he believes that "Bus" Reiber, now matriculating at Duquesne University, will soon do his flipping for Uncle Sam. Eagan has heard that blond Lester's number comes up in June. "Chick" Davies, the Dukes' mentor, will shudder more than a little upon hearing the news. Davies has been banking on Reiber for the '42 merry-go-round.

Johnny Jennings, the ex-member of the mitt slinging brigade who packed T. N. T. in his fists, is up and around again. Johnny was hospitalized for a while. Dr. Frank Viggiano, the popular local sports follower, who has been confined to the McKeesport hospital for the past several months, is showing a slight improvement. A flock of cards from members of the local sports colony might alleviate the ailing Frank.

'Y' Players Seek Volley Ball Title

New Castle Y. M. C. A. volleyball champs will compete at Butler Saturday for the right to represent District Three in the Western Pennsylvania "Y" finals later this month.

Word from Butler is that district teams are on edge for their contests with the locals tomorrow. The tournament is sponsored by the state Y. M. C. A.

Team members who will represent New Castle are Harold Dickson, Al Jones, Jim Abraham, Wes Mann, John Fraser, Stan Witherspoon, Richard Louer, Sam Bullano and Don Cloak.

We hate to sell these cars WHOLESALE...

... but that's just what we planned to do ... so the public gets first chance at them at prices far below the current market!

THEY'RE FINE CARS—but some of them have been around here 30 days—and that's too long for our business. So we've made up our minds we will not carry a heavy used car inventory into March. If any of the cars we've marked for wholesaling are left after this sale, the wholesalers can have them. So, come on folks! If you can beat the wholesalers to 'em, they're yours at prices far below the average market. Just compare our prices. We can positively save you money.

Wrestling Major Sport At Clarion

Inter-collegiate wrestling has been added to the list of varsity sports at Clarion State Teachers college, it was announced today.

For the past two years, the Clarion school has been competing with neighboring Pennsylvania colleges but the wrestlers have never received awards. The new ruling means that Clarion grapplers, who meet with certain specifications in their inter-collegiate wrestling matches, will be awarded with letters.
